"It's her first three-way after all." Tammy added. "Gotta give her some slack."

"Oh how cool!" Lindsey said enthusiastically, clapping her hands. "We've gotta treat her extra-special!"

Lindsey reached down and took my shirt, slowly pulling it up. At the same time, Tammy took my pants, unbuttoned them, and slid them down my legs. Lindsey lifted my shirt over my head. They went straight for my underwear next. Lindsey unbuttoned my bra and let it fall off while Tammy slid my panties down. Now I stood nude before them, facing our guest. I blushed tremendously.

"Awww! She's so fucking cute!" Lindsey said as she clasped my face between her hands. I smiled sheepishly. Then she planted a kiss on my lips. Her kiss felt incredible. Very different from Tammy. It was strong and forceful, yet very gentle. Her tongue slid against my lips, beckoning me to open them. I obeyed and allowed her warm, moist tongue into my mouth. It found mine and played with it, tumbling to and fro inside my mouth.

As I was experiencing Lindsey's kiss, Tammy was holding me from behind. Her hands were gently caressing my breasts. My nipples were already hardening under her palms. I could feel the lace of her panties rubbing against my ass. She methodically kissed the back of my neck and down my spine.

The kiss with Lindsey ended. Then she quickly took her bra and panties off. Tammy followed suit. Lindsey's breasts were enormous. She grabbed them, giggling them around in her hands. "You like them, April?" she asked.

"They're beautiful." I replied.

"Here, cutie. Give them a good suck for me." She raised her arms above her head, shaping her breasts perfectly on her chest. I leaned forward and gently put one of her nipples in my mouth. I sucked on it, then tickled it with my tongue. "Oh you can go harder than that, girl. Really abuse those tits."

"Yeah!" Tammy said. "Give me one." She came in next to me and took the right while I stayed on the left. We both squeezed her breasts and began sucking on them.

"Oh yeeeee!" she cried. Her hands were still lifted up above her head, keeping her breasts up. I squeezed and sucked as hard as my mouth could. Our loud slurping noises were echoing all over the room. "I've gotta be the luckiest girl in the world getting my tits

sucked on by two beautiful girls! Okay, I'm good. I'm good." We let go of her breasts. She looked at Tammy. "I think its time for us to give the new girl some attention."

Tammy eyed me with her most devious look. "I think you're right. Let's go to the bed, shall we?" Each of them took one of my hands and led me to the bed. Then they turned me around and pushed me backwards. I flopped onto the bed. Then Lindsey got on her knees, pushed my legs open, and put her mouth on my pussy. I had been getting a little wet before, but as soon as I felt Lindsey's tongue touch my clit, a wave of horniness swept over me.

Tammy got on the bed with me and climbed atop me. She took my breasts in her hands and began massaging them. She stared into my eyes, smiling. "Are you enjoying the attention, my love?"

My mouth was gaping open from the multiple pleasures I was experiencing. I nodded my head. "Yes... its great."

Lindsey called from below us. "How am I doing, April?"

"It feels amazing!" I called to her. "Keep going!"
